

IT Support / Installation Engineer

At Breathe it's all about our team. Nobody is just a number. We're the best at what we do, real professionals with great work ethic and the drive to succeed.

We invest in our team, create a good working environment and provide an opportunity for a Technical Consultant to become the best they can be.

Breathe provides IT support and project related services to business and education customers.

As an IT Support/Installation Engineer you will be responsible for providing key technical support to customers, and troubleshooting their IT issues. You will work closely with our account managers to help manage the customer sites.

To be considered for this role, you should have a good understanding of:

- Networking (Routing and Switching)
- Microsoft Desktop and Server Technologies
- Experience of Office 365
- Virtualization technologies such as HyperV, VMWare, Citrix

You must have a valid and clean driving license, and the ability to pass a DBS check as you will be working with schools.

Excellent written and verbal communication skills are essential, with English as a first language.

REMUNERATION

£25-£30K per annum, depending on experience

Company Mobile Phone

Medical Cash Plan

Company Pension Scheme

LOCATION: Girton, Cambridge, CB3 0QH

TYPE: Permanent - Full Time
